

CCMC PARTNERS WITH PEAK PERFORMANCE RESOURCES TO PROVIDE CONSULTING SERVICES

Altamonte Springs, FL – February 27, 2007 – CCMC, the premier provider of interface software for loan origination systems, has announced that it has partnered with Peak Performance Resources, a leading provider of mortgage industry consulting services, to deliver performance improving consulting services to CCMC clients.

“Improving end to end loan management with dependable technology and user friendly processes is key to the success of financial institutions,” explained Dana Giesler, Vice President of Sales for CCMC. “We have always offered our clients a robust, seamless transfer of data from system to system, enabling consolidation of efforts and reduction of errors naturally caused by re-keying data. Peak Performance Resources brings a whole new level of service and a unique toolset that will take our clients to the next level of success in a very competitive environment.”

“Peak Performance Resources offers consulting services for all aspects of the lending business,” added Giesler. “They bring many years of financial experience to the table that we feel will significantly improve our clients’ bottom line.”

“Whether the goal is to get more loans through the door or reduce the cost of origination, success today requires attention to the development and effective application of technology,” explained Sherry B. Jordan, Senior Consultant for Peak Performance Resources. “The challenge is getting an organization to reach its full potential by addressing the planning, organizational development, process and change management issues,” added Jordan.

“CCMC’s Bridge technology connects your expert systems. Peak Performance Resources helps you understand the expert systems you need. The result is profit, efficient workflow and improved productivity for mortgage companies, banks, and credit unions,” explained Giesler. “Together with Peak Performance Resources, we are offering solutions and relationships we endeavor to keep for a lifetime.”
